

## Nights of fashion

American interior designer Nicole Fuller was influenced by abstract artist Frank Stella when creating the 'Stella 01' with luxury British brand Savoir Beds. The painter's geometric style has inspired the headboard of this design, which is upholstered in Pierre Frey's 'Teddy' mohair fabric before being stitched with precise lines by the company's in-house artisans. £19,265, including a 'No4' bedset and 'HW' mattress topper ([savoirtheds.co.uk](http://savoirtheds.co.uk)).

'Acrobat', the latest lighting collection by Melbourne-based brand Porcelain Bear – which produces designs in its namesake material – emulates movement with sleek forms. 'Forward Bend', £4,450 ([porcelainbear.com](http://porcelainbear.com)).
